

BOUTIQUE AND TASTING ROOM

Our Boutique and Tasting Room sits on the edge of the Santa Lucia Bench, in the midst of our estate vineyard. The view of the Salinas Valley is uniquely picturesque, and the atmosphere is classic Smith-family friendly and casual. We are definitely serious about the quality of our wines, but never snobby about it!

Our tasting bar offers samples of the full line of Paraiso wines, which includes a few bottlings that can only be found here. Pinot Noir is our specialty, with Chardonnay, Riesling and Syrah also in the mix. The deck out back is a great place to hang out while tasting and taking in the view, and a stroll in the vineyard just steps away is always a nice way to spend an afternoon.

In the same space, we have assembled a gorgeous collection of classic French country home décor items and fashionable accessories. We continually update the selection; there is nothing like it in the area. Our helpful staff is on hand to offer advice, and even create custom gift baskets.

We enjoy sharing our wines and time with both new and old friends, so whether you've been here before or not, pay us a visit soon!
